20-21 Person-Centered Planning: LifeCourse Planning Tools

Charting the LifeCourse, a universally-designed person-centered planning framework, is a tool to assist individuals and families of all abilities and ages to develop a vision of a good life. Participants in this session will understand the importance of person-centered/futures planning, become familiar with the LifeCourse tools, and how to use them to support the development of the IEP and Transition Planning.

This year, all sessions will be virtual and hosted through Zoom. In order to deliver the full day content, each session will be divided into two 90-minute sections. Please register for a session that you can attend both sections.

Upon registration, participants will be sent a link to a 15-minute recorded Introductory Session on Person-Centered Planning. It is required that participants view this video prior to attending the first virtual session. All materials will be made available in Canvas, a learning management system, and the link will be sent after you are registered.

Contact Eric Protulis by email at eprotilis@aces.org or by phone at 203-498-6849, or your local RESC, for questions or assistance with registration, or for in-district training and consultation.
