Special Education and Related Services Grid:

In CT's IEP form the student's service hours grid will be in a section labeled Special Education and Related Services.

It will record the:

- Service
- Goal (by numbers)
- Frequency (how many times)
- Duration (for how long)
- Responsible staff
- Service implementer (by role)
- Start and end dates
- Site (where your child will receive their services)
- Instructional service delivery

*Instructional Site Codes:

1a. General Education Setting 50% or more non-disabled peers

1b. General Education Setting less than 50% non-disabled peers

2a. Resource Setting

2b. Separate Setting/Program

2c. Related Service Setting

3a. Community-Based Setting 50% or more non-disabled peers

3b. Community-Based Setting less than 50% non-disabled peers

There will be a key at the bottom of the page to help indicate where the services will be delivered. The service hours and sites in this grid will determine the student's Time With Non-Disabled Peers (TWNDP). This will be recorded in the IEP section called Removal from the General Education Environment.
